What sound do we make?

The dog barks. The bird sings. The mouse squeaks. The cat meows. It meows when it's hungry. It meows when it's angry. But when it's happy, it purrs. Cats, dogs and birds can be loud! But what about the fish?

The fish is quiet, it says nothing. The turtle also says nothing. They are quiet animals.

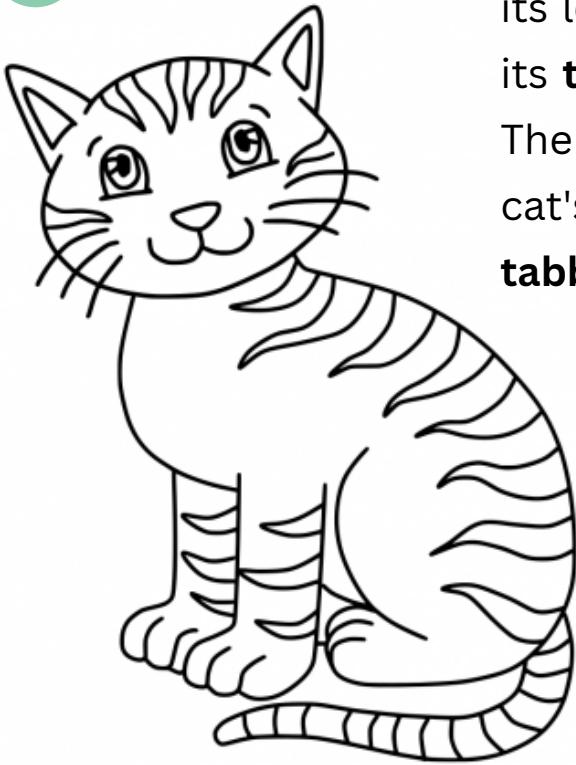

Connect the animals to their sounds.

quiet squeak woof chirp quiet meow

Quiz

1

A cat uses its **ears** to hear, its **nose** to smell, its legs and **paws** to run and jump. It needs its **tail** for balance and its **whiskers** to feel. The **fur** of a cat can have many colors. This cat's fur has stripes. Cats like that are called **tabby cat**.

Use the right color!

whiskers = yellow

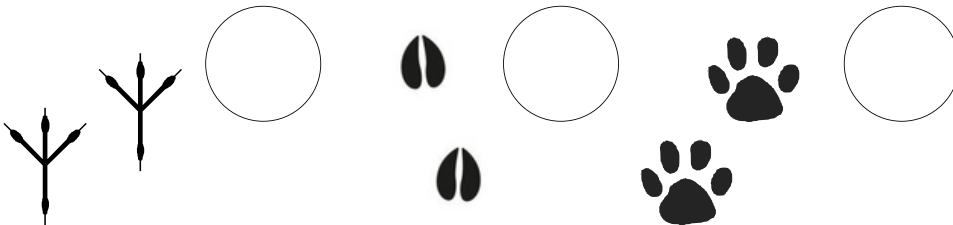

the ears and nose = pink

fur = orange and red

paws = green

tip of the tail = blue

Who left these prints? Write the correct number!

The mouth of a bird is called a **beak**. It has no fur but **feathers** and **wings** to fly.

2

3

Deer have fluffy fur like cats. But their feet are called hooves, not paws! Male deer have antlers on their head.
